Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of The Open Door/Cape Ann Food Pantry, Inc. as of June 30, 2020 and 2019 and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statements For the Years Ended June 30, 2020 and 2019

1. Operations, Nonprofit Status and Summary of Significant Accounting Policies

Operations and Nonprofit Status

The Open Door/Cape Ann Food Pantry, Inc. (the Organization) is a non-profit, community supported, charitable organization committed to alleviating hunger in the community. The Organization accomplishes its mission by using practical strategies to connect people to good food, advocate for those in need and engage others in the work of building food security. With physical locations in Gloucester and Ipswich, MA, the Organization serves low-income residents of Gloucester, Rockport, Essex, Manchester-by-the-Sea, Essex, Ipswich, Boxford, Topsfield, Rowley, Hamilton and Wenham, MA.

The Organization also operates a thrift shop, which resells donated clothing, furniture and goods to help support the food programs.

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting.

Concentration of Revenue

Revenue from one program, the Thrift Shop, represented approximately 10% and 20% of total revenues for the years ended June 30, 2020 and 2019, respectively. Excluding In-Kind Food Donations, the program represented approximately 17% and 40% of total revenues for the years ended June 30, 2020 and 2019, respectively.

The Thrift Shop operation provided \$270,000 and \$470,000 in net direct support to the food pantry operations for the year ended June 30, 2020 and 2019, respectively. Due to the Covid-19 pandemic, the Thrift Shop ceased operations mid-March of 2020 and reopened, on a modified schedule on June 24, 2020.

Support from a Major Contributor

The Organization received approximately 33% of total support and revenue from one donor, The Greater Boston Food Bank, for both years ended June 30, 2020 and 2019. These contributions were in the form of donated food.

Revenue and Revenue Recognition

Revenue is recognized when earned. The sale of donated in-kind inventory in the Organization's thrift-shop is recognized when the item is sold. Program service fees and payments received in advance are deferred to the applicable period in which the related services are performed, or expenditures are incurred, respectively. Contributions are recognized when cash, or other assets, an unconditional promise to give, or notification of a beneficial interest is received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met or the donor has explicitly released the restriction.

1. Operations, Nonprofit Status and Summary of Significant Accounting Policies - Continued

Cash and Cash Equivalents

The Open Door/Cape Ann Food Pantry, Inc. considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents.

Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributed to more than one supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include rent, telephone, cable, internet, heat, light, power, water and depreciation which are allocated on a square footage basis. Salaries and wages, payroll taxes and insurance are allocated based on estimates of time and effort.

Financial Statements Presentation

Net assets and revenues, expenses, gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of The Open Door/Cape Ann Food Pantry, Inc. and changes therein are classified and reported as follows:

<u>Net Assets Without Donor Restrictions -</u> Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. Board designated restrictions are considered without donor restrictions under these reporting standards.

<u>Net Assets With Donor Restrictions</u> - Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met with the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Income Taxes – Continued

The Organization's tax returns are subject to possible examination by the taxing authorities. For federal income tax purposes, the Organization's tax years 2016 through 2018 remain open for possible examination by the Internal Revenue Service.

Contributions

Contributions received are recorded as increases in net assets without donor restrictions and net assets with donor restrictions, depending on the existence and/or nature of any donor restrictions.

Collectibles Held for Sale

During the year ended June 30, 2017, the Organization recorded the contribution of certain collectibles at fair market value, which was \$7,000, as of the date of the donation. The items were carried at fair market value until such time as management deemed it appropriate to sell, at which time a realized gain or loss was to be recognized in the statement of activities. During the year ended June 30, 2020, the Organization sold a portion of the collectibles for \$2,700 and decided to no longer carry the value of the remaining collectibles on the Statement of Financial Position. The \$4,300 reduction in the remaining value is recorded as reduction to current year contributions.

In-Kind Contributions of Materials and Services

The Organization records the value of contributed services that are provided by individuals requiring specialized skills or that enhance or create non-financial assets. No amounts were recorded for the years ended June 30, 2020 and 2019. The value of contributed materials is recorded based upon the fair market value of the goods received less any cost to the organization. Other than referred to above, no other amounts were recorded during the years ended June 30, 2020 and 2019.

No amounts have been recorded for the value of contributed services received from numerous volunteers who are involved in events and activities that did not meet requirements for recognition in the financial statements. The total amount of volunteer hours contributed to the Organization's events and activities amounted to 24,800 and 27,400 for the years ended June 30, 2020 and 2019, respectively.

<u>Inventory</u> – Thrift Shop Program

In-Kind inventory for the Organization's thrift shop program is not recorded in the statement of financial position as there is no practical method for valuing donated items. Donations of used household items, clothing, furniture and other bric-a-brac are sold through the Organization's thrift shop and are recorded as Thrift Shop Revenue when sold. Some items are donated to other non-profit organizations or distributed through a referral network.

<u>Inventory – Food Program and In-kind Food Donations</u>

In-Kind inventory for the Organization's food program is not recorded in the statement of financial position as the method for consistently recording its value has been determined as arbitrary and immaterial to the financial statements.

The Organization does record In-Kind Donations to the food program which is included in the statement of activities. The Organization bases the per pound value on a study performed by Feeding America, which was \$1.62 and \$1.68 per pound for the years ended June 30, 2020 and 2019, respectively. The Organization recorded the following In-Kind Donations of food for the years ended June 30:

		2020	2019		
Pounds of Donated Food		2,115,058		1,866,047	
Value Per Pound	\$_	1.62	\$	1.68	
Total Value of Donated Food	\$_	3,426,394	\$	3,134,959	

The Organization recorded a corresponding expense which is detailed in the statement of functional expenses as Food Donated and Distributed.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the financial statement amounts and disclosures. Actual results could differ from those estimates and assumptions.

Property and Equipment

The Organization capitalizes major purchases of property and equipment invoiced over \$3,000, which are not in the nature of replacements or repairs. Minor equipment purchases, replacements, maintenance and repairs are charged to expense as incurred.

Capitalized property and equipment are recorded at cost, if purchased or constructed; or at fair market value at the date of the gift, if donated.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets capitalized or over the length of the lease for leasehold improvements.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional. Promises to give that are expected to be received beyond one year are discounted at a rate of - % and 2.5% for the years ended June 30, 2020 and 2019, respectively. No discount has been calculated on current year receivables because management deems the amount to be immaterial. Uncollectible promises to give are expected to be insignificant and therefore no allowance for uncollectible promises has been established.

Deferred Revenue

Certain income received during the year ended June 30, 2018 is deferred and will be recognized in the year in which the associated expenses are incurred. Deferred Revenue amounted to \$68,750 and \$93,750 at June 30, 2020 and 2019, respectively.

Recent Accounting Guidance

On August 18, 2016, FASB issued Accounting Standards Update (ASU) 2016-14, *Not for Profit Entities (Topic 958) – Presentation of Financial Statements of Not-For-Profit Entities.* The ASU addresses the complexity and understandability of net asset classification, deficiencies in information about liquidity and availability of resources, and the lack of consistency in the type of information provided about expenses and investment return. The Organization has implemented ASU 2016-14 and has adjusted the presentation of these financial statements accordingly.
